Established in 1969, the National Service Scheme (NSS) is a Central Sector Scheme of the Government of India under the Ministry of Youth Affairs & Sports. NSS provides students of colleges and universities across India with meaningful opportunities to engage in community service, social development initiatives, and nation-building activities.

NSS goes beyond the classroom by transforming students into socially responsible, compassionate, and confident citizens. Through voluntary service, students experience the realities of society, understand community needs, develop leadership skills, and learn the true meaning of teamwork and social responsibility.

❖ **Our Motto:**

“Not Me, But You”

The NSS motto, “**Not Me, But You,**” represents the core philosophy of selfless service. It encourages volunteers to place the needs and welfare of others alongside their own interests. The motto reflects the values of empathy, cooperation, democratic spirit, social responsibility, and collective progress. It reminds every volunteer that individual development becomes meaningful when it contributes to the well-being of society.

❖ **Our Vision & Objective**

The central objective of NSS is the holistic development of students through active participation in community service.

NSS aims to nurture young people who are:

Socially aware and responsible

Compassionate and empathetic

Confident and disciplined

Capable of leadership and teamwork

Sensitive towards community needs

Committed to national development

NSS at **Chembur Karnataka Night College** has been associated with the National Service Scheme for more than three decades, providing generations of students with opportunities to serve society and contribute to meaningful community initiatives.

Through its NSS activities, the college strives to create a culture of service, leadership, unity, responsibility, and social commitment among its students.

❖ **Broad Objectives of NSS**

NSS seeks to:

1. Develop an understanding of the community in which students work.
2. Help students recognize their role and responsibilities towards society.
3. Identify community needs, challenges, and problems and encourage students to participate in finding practical solutions.
4. Develop a strong sense of social and civic responsibility.
5. Enable students to apply their academic knowledge to real-life community problems.
6. Promote teamwork, cooperation, group living, and sharing of responsibilities.
7. Develop the ability to mobilize and motivate community participation.
8. Nurture leadership qualities, confidence, and democratic values.
9. Prepare students to respond effectively during emergencies and natural disasters.
10. Promote national integration, social harmony, unity, and brotherhood.

❖ **Benefits of NSS for Students**

NSS provides students with experiences that extend far beyond academic learning.

1. Personality Development

Active participation in community service builds confidence, discipline, communication skills, empathy, and a strong sense of responsibility.

2. Leadership & Teamwork

Volunteers learn to lead teams, coordinate activities, take decisions, manage responsibilities, and work towards common goals.

3. Understanding Society

Interaction with villagers, urban communities, and underserved groups helps students understand real-life social challenges and develop a broader perspective.

4. Learning Through Experience

NSS enables students to observe communities closely, understand human behaviour, and connect classroom knowledge with practical situations.

5. Social Interaction

Volunteers get opportunities to interact with people from diverse social, cultural, professional, and economic backgrounds.

IN Nation-Building

NSS creates a strong sense of participation in the nation-building process by encouraging young people to contribute their time, skills, and energy towards society.

6. Wider Opportunities

NSS volunteers may participate in various State and National-level programmes, including:

National Integration Camps

Adventure Activities

Motivational Camps

Value-Based Self-Development Programmes

Workshops and Training Programmes

Youth Exhibitions

Cultural Programmes

Health Awareness Campaigns

Community Development Initiatives

Disaster Management & Relief Activities

❖ **NSS: Learn • Serve • Lead**

NSS is not merely a programme—it is an experience of learning through service.

It gives students the opportunity to step beyond the classroom, connect with communities, understand social realities, and become catalysts for positive change.

“Not Me, But You”

Serve the Community.

Develop Yourself.

Build the Nation.
